“ Terry It is not easy to pick a memory when there were many. Any time I was around you, you made me laugh. Like pee my pants laugh! That's what makes one memory even more hilarious. I don't remember what we were rambling about but you, Karen and I were in hysterics. Apparently, \"PeOus!\" became a household name. It continues in your honor. You were a beautiful being of light. We will not forget you and the love you shared with all of us. Mwa!
